[Conference on Resource Efficient and Cleaner Production \(RECP\) for Better Enterprises, Cleaner Environment and Green Economy](#)

This *national conference on RECP* was organised by UNIDO and held on **26 March 2015** in Tbilisi, Georgia in the framework of the EaP GREEN programme. Ongoing projects on RECP add value to enterprises in Georgia and other EaP countries by increasing human and institutional capacities, and facilitating practical demonstration, dissemination and replication of RECP principles. This project is funded by the EU.

[Shared environmental information system and green growth](#)

As an implementing partner of EaP GREEN, the OECD is leading the work on developing a toolkit to support the introduction and application of a coherent green growth measurement framework by countries. The regional expert meeting on *Shared environmental information system and green growth* was held on **10-11 March 2015** in co-operation with the UNECE. The event was supported by the EU and other bilateral donors.

[Promoting organic agriculture and access to markets](#)

UNEP supports EU Eastern Partnership countries in enhancing organic agriculture production and trade as part of the EaP GREEN programme objectives. Armenian, Moldovan and Ukrainian producers were prepared for *participation at the Biofach organic trade fair* on **11-14 February 2015** in Germany. This project is funded by the EU. The [Conference on Resource Efficient and Cleaner Production \(RECP\) for Better Enterprises, Cleaner Environment and Green Economy](#), held on **26 March 2015** in Tbilisi was also covered in the evening news on Georgia's Public Broadcasting First Channel and Maestro-Sakmiani Dila (*videos in Georgian language*). The conference was organised by UNIDO in the context of EaP GREEN.

A kick-off stakeholder meeting of the country pilot project “Promoting better environmental performance of SMEs” took place on **25 March 2015** in Tbilisi. The SME greening work stream is led by the OECD as part of the EaP GREEN programme. The [event was featured in the Georgian TV’s news programme](#) including an interview with Mr. Teimuraz Murgulia, Deputy Minister of Environment and Natural Resources (*video in Georgian language*).

The “Greening Economies in the European Union’s Eastern Neighbourhood” (EaP GREEN) programme aims to support the six Eastern Partnership (EaP) countries to move towards green economy by decoupling economic growth from environmental degradation and resource depletion. The six EaP countries are: Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova and Ukraine. The programme is funded by the European Union and other donors, and is jointly implemented by four international organisations – OECD, UNECE, UNEP, and UNIDO.

SAVE THE DATE:

The next meeting of the EaP GREEN Steering Committee will take place on 18 June 2015 in Moldova.
